

## FOR IMMEDIATE RELEASE

### **McMahon Associates, Inc. Promotes Casey A. Moore, P.E. and Gary R. McNaughton P.E., PTOE to the Title of Executive Vice President**

FORT WASHINGTON, PA, July 18, 2018 – McMahon Associates, Inc., a transportation engineering and planning firm, is pleased to announce the promotions of two of the firm’s Principals, Casey A. Moore, P.E., VP & Mid-Atlantic Regional Manager and Gary R. McNaughton, P.E., PTOE, VP & New England Regional Manager, to the title of Executive Vice President having responsibility for firmwide oversight of the company’s corporate and technical operations, respectively. Both Moore and McNaughton currently serve on the firm’s five-member Board of Directors.

Casey Moore has dedicated the past 27 years of his career to McMahon – from an internship during his years at Penn State University, and then returning to the firm as a staff engineer in 1991 to rise through the ranks to his current position. Most recently, Casey has been instrumental in the further development and tremendous success of the firm’s Mid-Atlantic region from 2010 to present, which provides more than \$14M in annual revenues. He is responsible for nearly 100 staff in the firm’s seven Mid-Atlantic offices. Prior to his current role as Regional Manager, Casey served as the firm’s first, companywide Business Development Director helping the firm gain momentum, and clients, in multiple sectors and geography.

Over the years, he has become widely known throughout the region and transportation engineering community by clients, peers, teaming partners and friends of the firm for his management of project work and technical expertise provided to the commercial and public sectors. Casey proudly serves several PA municipalities as the appointed Township Traffic Engineer, while also serving many other valued clients across the region, such as local/national developers, PennDOT, Counties, MPOs and the Pennsylvania Turnpike Authority. He is accepted as an expert in traffic engineering before numerous municipal boards and commissions and has also presented at conferences, professional society events, universities, and before the PA Bar Association. Casey has won personal leadership and engineering awards and has received recognition locally and statewide from professional organizations.

In addition to his corporate accomplishments, Casey has been a long-time member of numerous professional and client organizations, and an active volunteer, committee person and/or Board Member of most. To name a few, he currently serves as, Treasurer on the Executive Board of the Greater Valley Forge TMA, Committee Member of the Membership Committee for ACEC/PA, Fund Development Director for the Delaware Valley Engineers’ Week, Board Member/Vice President of the Penn State

Engineering Alumni Society (PSEAS), Legislative Meeting Leader of the Keystone Transportation Funding Coalition prior to Act 89, and is a Former President of the Mid-Atlantic Section and Mid-Colonial District of the Institute of Transportation Engineers. He is active in his church, serving on the Finance/Facilities Committee, as well as an officer in his Knights of Columbus Council. For the past 10 years, Casey also found time to coach girl's club softball for three age groups at a highly competitive level.

Gary McNaughton has spent 27 years in the transportation engineering and planning industry, nearly 20 of which have been with McMahon. Gary is responsible for building the firm's extraordinarily successful New England region which consists of four offices and 35+ employees. In addition to his regional management responsibilities, he continues to be closely involved with public and private project work, serving as the lead traffic engineering professional on large projects such as, the Commonwealth Avenue Bridge Replacement, Casey Arborway Project, I-95 Add-a-Lane, and Morrissey Boulevard Reconstruction. He is recognized for his technical capabilities in his field and his progressive approach to traffic engineering solutions, particularly in urban environments.

Gary has been active in various professional societies and has been a regular speaker at industry conferences, including recent presentations for the Southern New England Regional Conference for the American Planning Association (SNEAPA), MassDOT Innovation + Mobility Exchange, and the New England Bike/Walk Summit. Personally, Gary is active in multiple local organizations, including serving as a long-time coach and President for the Middleboro Little League. He is also a Board Member and coach for both the Middleboro Ice Hockey Group and Brewins Youth Hockey.

"Elevating Casey and Gary to Executive Vice Presidents of the firm allows us to engage in a measured and deliberate leadership transition, while at the same time creating opportunities for the next generation of leaders behind them to be promoted and take on greater responsibilities," said Joseph DeSantis, P.E., PTOE, and President and CEO of McMahon Associates, Inc. "It gives me great pleasure to know we have such high caliber leadership to carry McMahon into a strong and bright future."

"The success of our firm, over nearly three decades since I was a summer intern, is driven by the talented, dedicated, and caring team of professionals that I am fortunate to work with, and lead, every day," said Casey A. Moore, P.E. and Executive Vice President. "Our people are our #1 asset, and I am so proud to be part of a great organization, with outstanding leadership and staff that work tirelessly for our clients and communities in all the services we provide. I look forward to serving with increased firmwide responsibility and taking McMahon to even higher heights of success with our team, while making our founders, the McMahon's, and the executives before us, very proud."

"I'm approaching 20 years with McMahon and it was a great organization when I joined and has continually improved since that time," said Gary R. McNaughton, P.E., P.E., PTOE and Executive Vice President. "I'm very proud of the success we've been able to achieve within the New England Region and companywide, while preserving the caring environment that has existed since the founding of the company. I'm looking forward to working with our amazing staff across all three regions on a regular basis to help continue our growth and success."

#### **About McMahon Associates, Inc.**

Since 1976, McMahon Associates, Inc. has specialized in delivering innovative engineering, planning, design and technological transportation solutions to our clients. We have built trusting and lasting relationships by satisfying, and often surpassing, the needs of both governmental and private sector clients.
